O. M. SCOTT & SONS CO.

Lawn Seed and Turf Builder

Marysville, Ohio

•

Dear Friend:

The picture inside was taken from our own upstairs porch. The view is one we have been enjoying for the past eight years. I wish you might see beyond this scene too, for there are six acres of almost perfect turf in addition to what you see. They are neighboring Scott Lawns - all as nice as this one.

The youngest member of my family is coming up the steps. He likes the lawn immensely - not realizing of course that his father is anxious that he should. We like our grass to be good enough that even folks who don't know that we are in the seed business will suspect it.

Scotts Seed and Turf Builder provide the shortest cut to the kind of lawn you want. In 1916 they were making their debut although our farm seed business dates back to 1870. Today Scott Lawns are conspicuous for their outstanding beauty in the 23 states we serve.

Without wanting to be boastful, I invite you to have a lawn like ours. Notice the thick, weed-free turf - not even Crabgrass to detract from its beauty. Fall is the ideal seeding time. Won't you use the enclosed order blank to tell us of your needs?

Cordially yours,

A handwritten signature in dark ink, appearing to read "O. M. Scott". The signature is fluid and cursive, with a large, prominent "O" at the beginning and a long, sweeping underline that extends across the bottom of the signature.
